At **Pet Door Products**, we love helping our pet-owner customers with our brilliant sliding glass pet door solution. **We are happy to offer glass window and door professionals an opportunity to incorporate our innovative pet door product into your business.** We are onboarding a **limited number** of glass window and door dealers and installers to become local **Pet Door Pros** with our innovative **Pet Door Conversion System** in your current service area and across the US. **Score the edge over your competition** by offering our unique and affordable pet door solutions to your customers.

## Financial Opportunity with Large Margins

The **Pet Door Conversion** product is commonly **the highest margin item carried by our dealers.** Marketing our pet door insert to your pet-loving customers is easy and gives pets a safe way to enjoy the great outdoors and still have access to food and water, and warmth or air conditioning indoors. **Our incredible wholesale pricing allows our dealers to make large margins for sales and installation.**

## Broaden Your Customer Base

As a local glass window and door dealer, you have undoubtedly **recognized the demand, and recognized the untapped market for pet doors and professional installation.** While there are other solutions available, the options are limited with mainly poor quality products. **Our revolutionary sliding glass pet door is a simple and pioneering solution** for customers looking for a quality product that will add value to their lives and the lives of their pets.

## High Market Demand for Pet Doors

---

A surprising **62% of American households own either a cat or dog, or both** according to recent data collected by Gallup and the ASPCA. The pet industry has more than doubled in revenue from \$29B to \$70B since 2002. Over 60% of your current and potential customers are pet owners and therefore potential buyers. Homeowners thinking about updating their homes to include improving their animal's freedom and well being is a poised market, looking for the **quality and simplicity of a high-end pet door** that will easily incorporate into their current lifestyle. There has **never been a better time to enter the pet supply industry** than right now!

## Easy Installation

---

Essentially, installing the insert is as simple as replacing an IG unit in a sliding glass door. Our Pet Door Products Conversion Kit is easy to measure and install. If you can install an insulated glass unit, then you can easily install a pet door conversion unit. **Our pet door insert is a product your customers will love, and you will love it too because of the easy installation, quality materials, included warranty, and best of all – high margins.**
