## TOP HOLIDAY ACTIVITIES

for Pets and Pet  
Owners in Utah!

As the temperature gets colder outside, this is a sure sign that the holidays are right around the corner. For pet owners everywhere, they might be looking for fun activities they can do with their pets this holiday season. Even though this year has been unlike any other, there are still a few fun activities that pet owners can plan to have fun with their furry friends this year in Utah!

### **Wrap Their Gifts Ahead of Time To Challenge Pets**

---

A lot of pet owners decide to get gifts for their presents during the holidays. Even though pets might not have hands, they have other ways to unwrap their gifts! Make your pets appreciate their gift a little bit more by presenting them with a challenge by wrapping their presents! Think about putting their presents in a box or bag. Then, allow the pets to sniff out their own present! Be sure to have a camera ready to memorialize the moment!

### **Go On a Sleigh Ride**

---

Brave pet owners may want to go on a sleigh ride with their pets. Particularly when the snow starts to fall, it is always fun for families to take a dish, a sled, or a toboggan to the hill and slide down to the bottom. There is no reason why pets won't enjoy this trip as well! Consider holding on to your pet while you barrel down the hill at high speeds! Even if your pets do not enjoy a sleigh ride, consider taking them for a walk at the local dog park when the snow begins to fall.

### **Bake Pet Cookies for Your Pets**

---

Many people grow up putting cookies and milk out for Santa by the fireplace on Christmas eve. Even though Santa loves his cookies, pets certainly love their rewards as well! This is a great time of year to surprise your pets with fresh treats from a new recipe! If you have been looking for a new kind of treat to give your pets, now is the perfect time to experiment! Think about hiding the cookies in a puzzle toy that encourages your pets to work for their reward.

## **Take a Few Pictures with Santa**

---

If there is a Santa Claus in the local area, consider taking your pets to have their pictures taken with Santa. Similar to children having their pictures taken with Santa, this is a great way to collect a few pictures that you can hang onto forever. Place a set of antlers on your pet's head and create the perfect Christmas card this holiday season!

## **Invest in High-Quality Utah Pet Products from Pet Door Products**

---
