Do you find yourself constantly stepping away from your work, dinner, or other tasks to let your small pet in and out of your house? Do you have a sliding glass door and wonder if there's a pet door solution that could blend harmoniously with this type of entryway? The answer is – absolutely yes! Your small pets require as much freedom as their larger counterparts. Hence, Pet Door Products presents the ideal pet door for small pets.

Creating a Tailor-Made Entry for Small Pets

At Pet Door Products, we understand that small pets need accessibility and independence just like big pets. Our range of pet doors for sliding glass doors is designed to facilitate this. The easy-to-use pet door for small pets is specially crafted to fit securely into your existing vinyl sliding glass doors, thus providing a seamless, attractive, and practical solution.

Energy Efficient and Easy to Use

In addition to being the perfect size for your small pet, the pet door for small pets is also energy-efficient. You can leave your pet door open without worrying about losing heat or letting in drafts. And when you want to keep your pet inside, a simple door insert lets you 'lock' the door.

Savings from the Manufacturer

At Pet Door Products, we are not just the dealer but the manufacturer as well. This means that there are no 'middle-man mark-ups', and the savings come straight to you. Our pet doors for small pets offer big value at affordable prices.
