What do you buy for the pet lover who has everything? A pet door, of course! It's one of the must-have gifts for dogs and pet lovers this holiday season! Every person with a pet and every pet with a person deserves and needs a pet door. The advanced Pet Door <u>Products pet door</u> available for gift giving this holiday season can significantly improve life for pets and their people. It's fair to say that having a pet door is a game changer for pet animals and anyone with a pet.

### Pet Doors are Perfect Christmas Gifts for Dogs and People

Pet doors have proven to significantly improve the quality of life for people and their pets. Pet door advertisements usually focus on the benefits for pets, which are many. But, a <u>quality pet door</u> is just as important for the human family of a pet dog as it is for their dog.

Pet Has Freedom	Yes, a dog or cat gains an incredible new-found freedom in having the amazing liberty to come and go in and out of the house without begging at the door or waiting in hope of being noticed and helped by busy, preoccupied people, to get in and out as needed.
People Have Freedom	The people manning the door during all hours also gain their freedom by installing a dog door. They're no longer the door attendants for their dog, a cumulatively very time-consuming and distracting job.
Burden Relieved	Pets and people will all live with the joy and relief of no longer being stuck dealing with the tiresome lack of free access for an active pet dog or cat.
Peace of Mind	People no longer need to rush home from work or a day or evening out because their dog has not been able to go outside to use the bathroom.
Healthier Pet	Pet animals can get much healthier and more natural exercise from running and playing outdoors than from indoor games. It's healthy for people too.

**Dog Door Holiday Gifts are for Renters Too!** With both permanent and <u>removable pet door</u> models available, renters and their pets can enjoy the better life that a pet door brings.

#### **Benefits of a Dog Door**

Here are some key ways pet doors make life better for pets and people:

- **Healthier Routine for a Locked-In Animal:** A pet is no longer forced to wait, perhaps for long hours sometimes, until a person is available to let it out to use the bathroom.
- **Better Quality of Life for a Pet Animal:** A dog or cat can freely play in the grass, nap on the porch, bask in the sun, and breathe the fresh air of the great outdoors.
- People are Free From Living as Door Attendants: There are no more frequent interruptions that disrupt studying, working, dining, holiday entertaining, or just relaxing.
- **Cleaner Home:** When dogs can play outside, that reduces shedding, dirt, and messiness inside the home. It also eliminates accidents that leave traces of feces and urine on floors.
